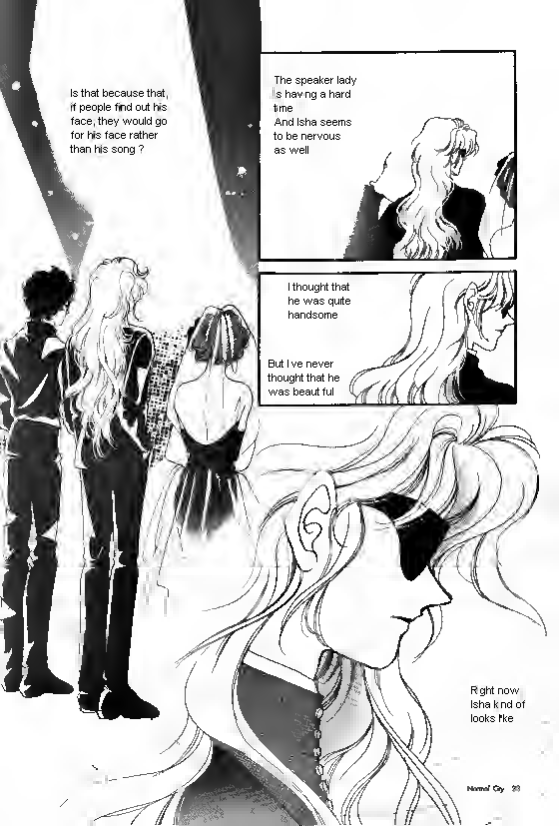
www.janimes.com

Thank you for patiently waiting
The band known as "Question Mark"
or "the fantasy group"
Today, we, MSB, will unveil their vocal

You seem to be quite tall. How tall are you ?
189cm
Hoho I see
Could you take off your glasses?
Everyone s curious
Isha ?

Ahah
he has very
bad eye s ght
Um
The spotl ght here
is too br ght for h m
Ahah, I see
I am not surpr sed
Many have bad
eye s ght these days
Argh
It s ok Peter
That s h s
charm ng pont
... is he
afraid of
being popular
because of
his face, not
his song?
Hmmph, that's
a happy concern.
Well, Venus had
that kind of
complex as well ...
Acting as a male
bodyguard without
much disguise.
All wearing sunglasses ->
22 • Nomal Oy



Is that because that, if people find out his face, they would go for his face rather than his song ?
The speaker lady is having a hard time
And Isha seems to be nervous as well
I thought that he was quite handsome
But I've never thought that he was beautiful
Right now Isha kind of looks like

Janjines
www.janjines.com

When I was with my friends I didn't think about this kind of stuff
Being feminine girlish boyish it didn't matter
When I realized about the stuff for the first time was
the event with Tylor
Eh ?
What are you doing here ? This is man's room!
I am supposed to be a man now !
yeah right
What was that scream anyway ?
A music video without holding my face is playing
Isha ?
Wh what ?

What what are you do ng
Sorry could you please let me lean on you for a ltle wh le
t was my f rst t me stand ng n front of so many people
Th s was my very f rst act on as a celebrity
I am used to be ng looked at but but by that many
All I have been do ng was just s ng n a stu do with no one but the band

So he was nervous
I see but th s w ll be your job
I know
Isha
How could you
Anyway I must pee!
Was your name Mars?
That s my old name I was Jane not long ago Now my name s
Don't!

Sion..
You are a scam
Son, what are you doing We have to guard the car now
Yes
What's it?
I thought you didn't get along well with your teammates?
But it looks like you are getting along well with her
I didn't get along well
She's probably like that because she owes me now

I was probably the first one who didn't welcome you
Come to think of it I thought she kind of hated me But I didn't feel like she was keeping a distance Weird
Question Mark!
Isha! Isha!
I can never walk through there
I am happy now
It's so you
I am going to teleport
Hey!
Normal Day 29

Jaynes
www.jaynes.com

Hey !
A cute
bodyguard !

Crowded place...
a lot of people
on move ....
A new place
and a new job ....
He is agile.

But I don't feel like
I am n a strange place,
do ng a strange job
Why ?
I am so
scared of
girls

Why ?

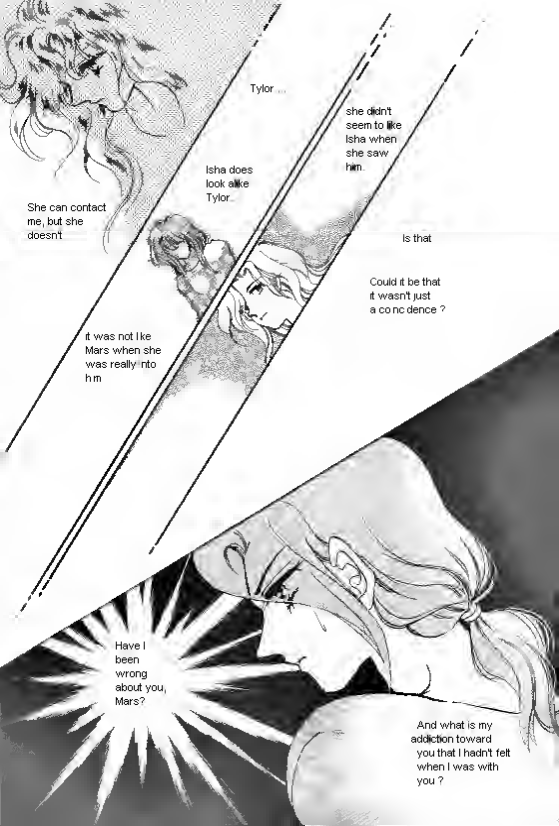
Hmm Venus isn't that vocal from Quest on Mark handsome? He s almost on your level
Why s he wearing sunglasses though ? Does he really have bad eye s ght ?
Hey maybe the whole th ng s fake They just use computer vo ce and put up a fake as a s nger
Hey s that how you th nk everyth ng ?
He does have a po nt though I mean the guy has spoken only few words
Anyway he s not as handsome as Venus but he st ll looks handsome
Only to you

You must have a lot of free time on your hand You are watching TV ?
Ah it was quite interesting
Hmmph, old fashioned punishment
Why she like that? Does he want to be a king or something ?
Missel you are not supposed to leave your room
it's all right As long as I obey him and say "yes sir" he's satisfied
Anyway what's he up to now?
I am not exactly sure
www.janimes.com

Tell me what you know
I can't tell you what I don't know
You sometimes act old-fashioned Marie
Well, that's what I like about you but it won't always do you good
Are you threatening me ?
Dr. Troll doesn't seem like he is going to call me for a while, does he ?
No I am complimenting you

No
All r ght
I w ll be
absent for
a wh le
You know
what to tell
Dr Troll if he
wants to see
me
I am counting
on you
M ssel
what are
you try ng to
do ?
I can't tell
you what I
don't know

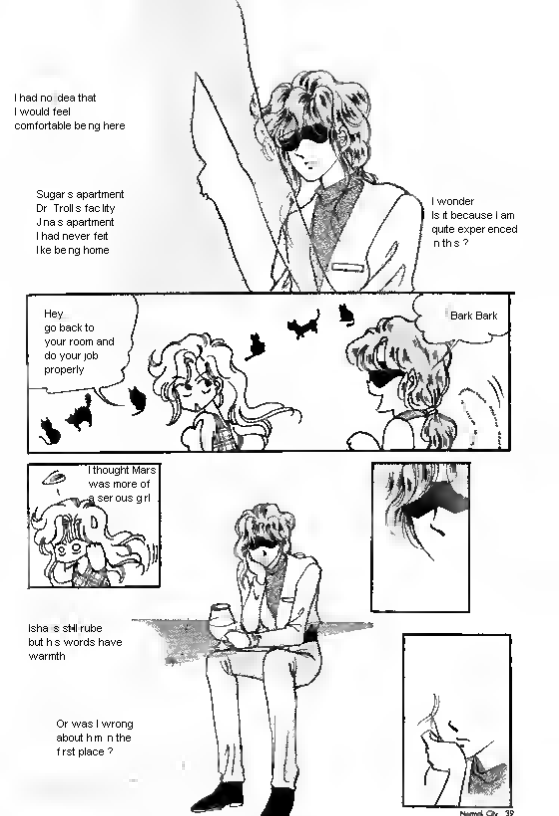
Still no Mars
But these pictures are from some kind of entertainment station
I've been sending waves to where I feel Mars is vaguely
This is today's pictures
Is she ... near Isha ?



Tylor ...
she didn't seem to like Isha when she saw him.
Isha does look alike Tylor...
She can contact me, but she doesn't
Is that
Could it be that it wasn't just a co nc dence ?
it was not Ike Mars when she was really into him
Have I been wrong about you, Mars?
And what is my addiction toward you that I hadn't felt when I was with you ?

Sion
It s almost lunch t me What are you do ng ?
Why are you late always ? You are small but you eat a lot
She s do ng very well
It s as- f she s enjoy ng her d sgu se as a male She even seems br ghter
Ah yeah ? Let s go
Well I tend to get hungry eas ly So I have to eat a lot
www.animes.com

Maybe that is her original personality ?
Probably because I am not Mars now
I feel like big burden is taken off my shoulders
Hmmph You are my bodyguard So just do your job
Your job is like watching a dog
Yeah I am watching a dog
All I have to do is to stop you from using your powers
I will just hit back of your head and knock you down Easy stuff
Isha even if she is a male now You shouldn't
OK ! Ok ! Fine !



I had no idea that
I would feel
comfortable being here
Sugar's apartment
Dr. Trolls facility
Jna's apartment
I had never felt
like being home
I wonder
Is it because I am
quite experienced
in this?
Hey
go back to
your room and
do your job
properly
Bark Bark
I thought Mars
was more of
a serious girl
Isha is still rude
but his words have
warmth
Or was I wrong
about him in the
first place?

Is it because Isha s here?
That makes sense Ga Ikes Isha
Even f I want to deny, can I really?

I want to deny, but that is the truth.
Ga and me
are the same person with different gender
I've been seeing Isha since I was a child and I was not aware of the fact that I was seeing him as Ga
Seeing him feeling him longing for him
That s

One s dead
And we haven't
been able to locate
two
How about
tak ng a sample
of the r DNA ?
It has been
already done

How long do you think it will take to find the rest two ?
As long as they are not dead you must find them
Especially Isha Green
I will be concentrating on the work now
I am putting you in charge of the whole facility
There is no information on those two So it will be near impossible to find them with the current data
Yes

You know Where Mars is ?
K nd of I th nk I know where
I am go ng to check places I've guessed
S on, don't do anyth ng dangerous !
Mars s a wanted person now
If you get involved, it won't do you any good !

just because of that am I supposed to do noth ng about th s ?
I know how you feel
But
But what ?
But

Bes des I th nk I w ll be free to move around soon
Ok

That is all
There s an old say ng that sometimes clues are where you can't see
I guess th s s the case
So we f nally have a clue on Mars whereabouts
Watch S on and Jean closely
Yes s r
If we catch Mars Heaven th s t me, we should be extremely str ct to her
We ve been too easy on her

Like a guinea pig?
Anyway how is Isha doing?
You know people like us don't watch anything but news
He probably is feeling that he is in a different world
I wonder if his whiny character changed any
Kkyaa... look at that It's a poster of Quest on Mark
Isha - I
Aren't they going to put up a holographic ad?
I bought their CD, LDP and HDD everything

N MARK QUESTION MARK QUESTIO

See?
As expected
Peter!
It has been only few hours since the post was up and look at the crowd
Yes, yes
You were right about him Ces!
People's desire for talent and beauty will never die but grow even more with time being

Haha
I personally don't ke h s songs though
I ke h s songs
I wonder why Isha doesn't look happy ?
Isn't everyth ng go ng as he hoped ?

Jaminés
www.jaminés.com

If I couldn't
find you you
would have
gotten into a
trouble again
What are
you doing
here ?

Nothing
just that I feel
bored after
I become a
freeman
At least I had a
goal when I was
working for
the government

A lot of good
things happened
All I wanted was
sing
I wasn't interested
in anything else
And I wanted my
face to be known
but

that was when
I wanted to find
a person

who are you looking for?
It's just... a person
I am calling him Ga, but I don't know his real name
I just know how he looks like
That's all
Wait a second Why am I telling you this?
I didn't force you to!
Why did you ask anyway?

But that s not it
I told her very naturally
As f the t me when we d dn't get along was ntent onal
I wonder what s act ng naturally ?
Is th s natural ?
Well I guess do ng th ng just as you feel l ke do ng
just as I feel ?
You th nk so ?
I th nk so

I
Have never kissed a girl
I've been kissed by few though
it's not like I am waiting for something to happen with anyone
But I often wonder how it's like to kiss someone by my own will
Why
Why are you telling me that?

That's what I felt like talking about.
And I have to wonder why ...
You can't see stars well from Earth's sky due to pollution and light from city.
But they are there.

You can see clearly from Mars' sky.
Earth has something different in the sky something called fog of emotions
What am I supposed to see in the sky?

Venus -
I thought you sa d you wouldn't come here because you are easy recogn·zable
Don't worry
Anyway you should get your powers back soon
Feel anyth ng yet ?

I haven't tred
You shouldn't be slacking
Don't you have someth ng to do ?
What am I supposed to do ?
That s not someth ng I know
S on
S on?
It s a name I use here
It s none of your bus ness
Isn't that the name of your fr end from Mars?
S on I am go ng to eat your share of meal
No !

I have to go now I have a job to do after lunch
Call me later Fnd S on
You seem ke you are l v ng in another world
See you
From another world ?
What are you do ng here S on Why aren't you at Cafeter a?
Why s everyone looking after me only when t s t me for me to eat ?
Hey S on who was that handsome guy ?
Ah ! Just a fr end
www.janines.com

who?
Venus was here
I see
Hey hey look who s here it s the great Isha Green
I just saw a person who I couldn't f gure out gender Well these days there are a lot of those knd
I guess he was your fr end huh?
And that bodyguard of yours...too
Sssh look who is here
know ng the r personalit es there w ll be a fight
I've see you wth that bodyguard almost always
Is he more than a bodyguard?

What
eh
You dared to hurt my face ?!
Who do you th nk you are ? Do you th nk hav ng a backup l ke the daughter of the pres dent s everyth ng ? Have some respect for elders !
So.. I was rude What are you go ng to do now?

Just like I thought
So you have guts Then why don't you come out clean?
Stop acting like a coward and show yourself
What are you talking about ?
I know that you are an esper ! And I also know that Ces I illegally bought you from the administration !
Eh ? Isha is an esper ?
Really ? Isha is an esper ?
No way !!

f you are not just say so
He s provok ng Isha
Yes. I am an esper So ?
It worked!
So ? You sure have guts Then why don't you show me your awesome powers huh ?

janimes
www.janimes.com

Why ?
You have guts to say who you are but you don't have guts to use the powers?
I understand haha !
You begged the daughter to be a freeman after so long and you don't want to run it. Of course, coward
You sure don't want to run it do you ?
You
Isha, no !

Don't interfere !
He is trying to provoke you to use your powers !
Ignore him !
Calm down and let's go back to your room.
What the hell are you talking about ?
That girly bodyguard is running the plan !

Hmmhp..oh yes I know how hard it was for you to get the citizenship
You are not allowed to use your so called powers forever
This city doesn't need another monster like you!
You fuckin
ZAP

Let's go to your room. It is for your sake
What the hell s h s problem ?
Why d d you stop me ?
It was you who wanted to be a freeman
Yes it sucks but there are laws n freemen s soc ety
I can't bel eve I am say ng th s
You've entered another world from your world
Your ways n your old world won't work n th s world
Damn it
"Seem like l v ng n another world

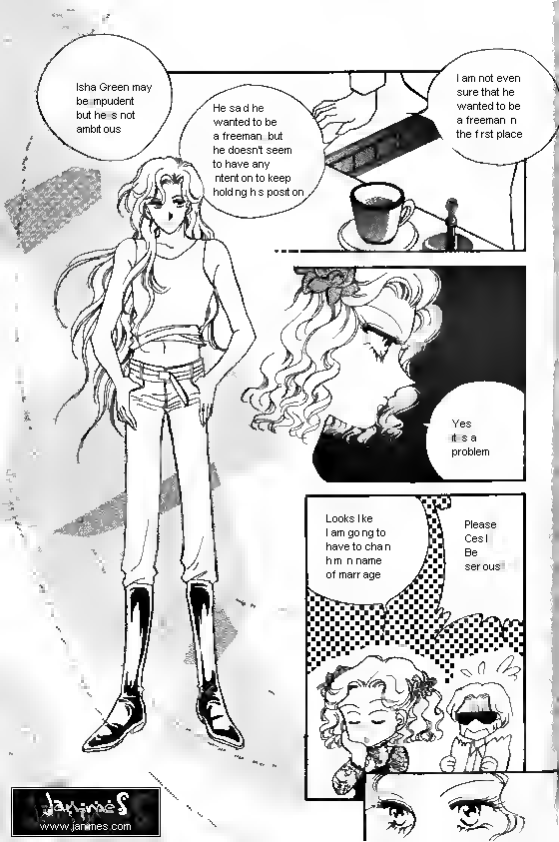
Another world ...
A world of normal people...
Isha has really entered Normal City ...
Has Mars gotten her powers back?
Not yet I think
The other members of Medusa is searching the whole city throughout
It is only a matter of time
By the way, isn't it a bit late? Her powers should be back by now
I don't think she wants her powers back
What ?

www.janines.com
She probably wants to l ve as a human be ng, too
I th nk she s hav ng t ny happ ness n her new l fe l fe w thout powers
I don't know what you are try ng to say
But I bel eve she w ll come back to our world sooner or later
She w ll want to put a per od mark on th s chaos l ke the rest of us
I am wat ng for her to jo n us
You are no d fferent than others You just want to use her as a tool

That's harsh ...
Anyway ...
I think Mars is having a dream outside of her dreams...
Foolishly

The vocal of Quest on Mark s an esper
Isha Green is an esper
Mex has pa d m ll ons of money to buy th s s nger
Hmmph
They are go ng to get no sy with th s for a wh le
it s a little early
But it was not unexpected anyway

The fans won't care about th s for now
They just found ther des re They are not g v ng it up yet
But th s s go ng to have some mpact
Trust me There won't be any mpact for now
For now
Ces l has two faces
The bodyguard S on has managed to stop hm th s t me But I was told that it was pretty dangerous
it s not the fans I am worr ed about You know what I am mean Ces l
You know the law r ght ? If an esper s seen us ng h s power n publ c he gets arrested mmed ately with no quest ons asked
The ma n problem s Isha Green h mself



Isha Green may be impudent but he is not ambitious
He said he wanted to be a freeman, but he doesn't seem to have any intention to keep holding his position
I am not even sure that he wanted to be a freeman in the first place
Yes it is a problem
Looks like I am going to have to change him in name of marriage
Please Cecil Be serious!!

But he s a celebrity now We can't just take h m here What to do now?

It's just to sample his DNA. I can just order Medusa to do so
But I want to see that child closer
He's at it again. He likes to posses any beautiful stuff
But kidnapping him will cause troubles
I agree. Let's sample his DNA first
Order Medusa
Take him here but it must be done secretly
Yes
Kidnap ?

Isn't Kitty 101 near Isha Green also ?
Now we have to kidnap Isha Green?
We will kidnap him for a day in order to get a sample of his DNA and we will let him go
Perhaps we could ask him about Kitty 101
But he's an esper So be careful
Well then
Let's do it tonight

www.janimes.com

Kitty 101 has gotten its powers back
This is getting too big We cannot afford to be seen
Let's withdraw for now
Kira you remain here and spy on them
Damn it, she is stronger than expected.
Ok

I have to live as Mars Heaven again
I've always been Mars Heaven though

It s done Isha
No of course
Ran s really dangerous It could cause deformed bab es for females and such

You haven't found... Sion, have you?
No, we would really like to find her though.
According to the people there, they think she was an esper.
She is an esper, right.. Was that why you were hiding her ?
...yeah.
And you were h d ng a wanted esper. You ve been summoned by the adm n strat on
Go to the wait ng room
Kane

I didn't know we'd meet again like this Isha
I guess I was fool to think that you'd report to me if you found Mars
Right, that was foolish thought
Why did you expect me to do that anyway?
Have you forgotten that I am an esper as well ?
Well, Mars disappeared So everything is back to starting point again
In the meantime, I would like to know who were these espers that fought Mars
This is a recording from secruty camera
Do you recognize these people?

There was a fight between espers n Isha Green also an esper s party
Casualt es were
Mars
Hercules ?
The mages are blurred but they were spec al class espers
The pol ce th nks that they may be from Hercules an ant government ESP organ zat on
There s no such an esper on our s de
As far as telekness s s concerned our best record s l ft ng 300kg object But the espers n the v deo record were well above that l ne

For your information, her powers when she just came here were
Lifting approximately 300kg object and a little bit of telekinesis and an ability to enter other's dream.
Her powers were class A.
from what we saw from the record her actual power s way above what she demonstrated to us
Even though powers of espers have been develop ng over t me ESP war was not yet poss ble
Now, I bel eve ESP war s poss ble
I am more surpr sed for the fact that we haven't seen these k nd of espers earl er

It must be Dr Troll s work
although I am not sure how good they were among h s espers
Either way he has been work ng h s way

I don't want to fall for it agan
I am go ng to wait for someone who can love me back

What do you want from me?
We
I think you are ready to listen to us Mars
You've become strong Jna
We aim to destroy Dr. Troll who is literally your father as well as our father.
Not only do we want to destroy Dr. Troll himself,
Destroy everything he has done and recorded.
And make sure it does not happen again.
In short, we aim to destroy the Troll world.
But it is not easy to be done.
So, I've been waiting for a sign.

When I saw you and your powers, I realized the sign has come.
Dr. Troll has been minding your existence for a very long time.
And it seems he wants some form of result from you
Mars, do you want more beings like you to be made ?
NO

www.janimes.com

In Medusa's case, they were born in lab and was injected with drugs to enhance their ESP powers.
The best results were the Medusa now.
I th nk Dr. Troll wants to create h s own world by us ng espers he created
But there s no guarantee that h s own creat on w ll obey h m
So, when h s creat ons doesn't obey he cons ders them as fa lures and term nate them r ght away Medusa has been n charge of term nating
Mars, you ve been so busy w th your own problems that you probably hadn't seen outs de of your world
I can only expla n The dec s on s yours I just know how t goes I am not nvolved n th s at all

I will join
I wanted to kick his face when I saw his face for the first time anyway
That's my decision
The origin of my chaos is
Scientists... Dr Troll those who wanted to create me
Venus... were you born in a lab as well ?
No... my sister and I were injected with drugs when we were kids
your sister?
You've seen her Missel Missel Layber

Eh ?

what?
How should I put it
I th nk an nv s ble wall
between us has taken
down
Dr Troll no
people I wonder
what they want
from you

What ?
Giving a girl powers as well as XY chromosome. What did they expect from you ?
As if combining egg with dough
What did they expect from a being with both gender?
Chaos perhaps.

Of course, I guess curiosity played its role somewhat. But I think they wanted something they lacked from me.
I am a girl as well as a boy. Some of them probably didn't like their gender.
Either way ... they want perfect on from me ?
I th nk they were hop ng to me to get what they lacked
Someth ng perfect n its own way L ke the angels that have no gender

What do you want from me?
Well..., I wonder...
I think ... I also want something from you.
Maybe, a deep kiss ?
Youact Ike a guy only when you want somethng romant c
Yeah. and you act Ike a grl only at t mes Ike th s

Dr Troll hasn't been g v ng any orders at all He has been concentrat ng on th s newstudy
I th nk he neven forgot about your case
Do you still not know what he s do ng ?
I think I do ., but I am not certain.
Anyway, I think it is going very well.
It is going to end faster than expected, I think

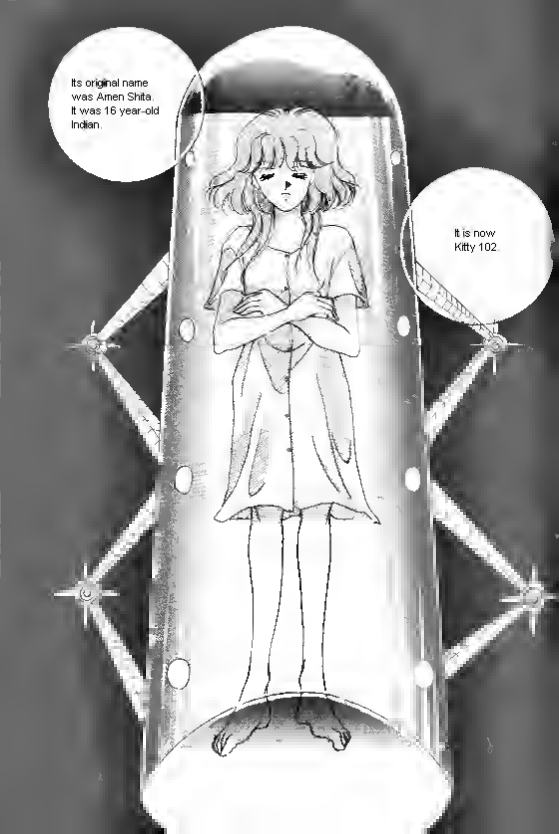
That s what I th nk so too

Dr Troll it s M ssel and Mart e

You are late.
I am sorry, sir I was doing makeup and other things.
Fine
I have something to show you today
it went very well
Do you remember the list I showed you before?
I was not able to insert all the DNA but I've managed to find a suitable body
And it helped the whole progress

I haven't injected male hormone yet, and it may not be as good as Kitty 101.
But it will have similar result.
Perhaps I can redo its DNA after sometime
I will be able to watch its progress as it grows up to be an adult. This project could change many area of this study
As long as I could manage to find a suitable body like this, I can make as many as Mars-like creations.
This is



Its original name was Amen Shita. It was 16 year-old Indian.
It is now Kitty 102.

What changed your mind? You've been doing virutal DNA projects.
Well, I've begun to feel skepticism about life.
And I wanted to see what he was trying to do was possible.
Anyway, I need to concentrate so that I can forget everything.
Weren't you against this project ?
Anyway I must say I welcome you You are a good scientist
I heard Dr. Heaven, lost his whole family to a car accident.
Yes, I think that stuck him very bad.
He wasn't doing anything for a while. I guess he finally got some of his strength back.

This is Kitty 101.
Age is 1 year and 6 months.
Babies look alike
Yeah , she looks just a little alike my daughter Mary That's all

But that ha r color
her eye shape
How could it be
How
But she is just a specimen who was born in a lab !
Her brain wave is different from us when sleeping
I think she enters R.E.M. status when sleeping.
I wonder what this baby is dreaming..
A baby s dream haha
Maybe dreaming about her mother ? Well..I guess that wouldn't work for 101
Maybe dreaming about drinking milk
A baby's dream ...
Doctor, you are spending a lot of time here
Yes, this project interests me
Oh, my, you are even giving her milk
Haha ...

I wonder what she w ll grow to be
Don't you thnk she w ll be a very pretty grl ?

What...?
What
Let's inject ISB
That's the best way to check whether this baby can use ESP powers or not
At this rate we won't even know when it will turn male
Dr. Troll but it will be no use even if you inject it She is only 2 years old
You don't have to
Dr. Heaven Kitty 101 is the ultimate specimen
We have to get every information we can with in its lifespan

Dr. Troll, this is urgent !
Kitty 101 is gone !
And the records has been wiped !
What? Who was in charge today ?
It was Dr Jason Heaven
What ...

It was the last transport to Mars

I named her after the planet

I still bel eve that what I d d was not wrong

Kkyyaaa, Isha, don't.
Isha, you are really drunk.

Doesn't alcohol mean getting drunk ?

Understood Good work

We finally located Kitty 101's hideout

This is a good time to show them what Mars is capable of
What now... Kit?
Are you going to let this happen?

Hercules needs to be destroyed n order to bu ld a new organ zat on
We need to unte espers tongather under one head
That s the only way to destroy Troll

General an explosion is reported in East #7 area
It is also reported that espers are fighting
Not now. Increase numbers of your men.
Hercules should be there soon. Wait for them.
Mars Heaven is not our only objective.
This is a good chance to take care of Hercules as well

Kane
It's time for us to go as well
We don't need ordinary espers.
All they do is disturb hard earned peace of this city.
This event will filter the weak ones.
We also have a good reason to kill them n name of just ce
If Hercules as well as Mars Heaven are found uncontrollable,
I guess destroying both will be our only choice.

Hmm...
Strong telekinesis.
I am going to kill you, Kitty !!
